

## Fiber Focus: Organic Cotton

Organic colored cotton boll

This sweater is knitted with organic colored cotton. The varying colors in the sweater are not from dyeing. The cotton is grown in muted colors that get deeper when laundered.

## Now Introducing.....

### **Textile Mania!!!**

### **Available for Spring 2008!!!**

Textile Mania is an interactive textile testing CD complete with a 130 page workbook. The CD gives students an overview of fibers, yarns, fabrics, dye/print methods and finishes. It also contains testing videos and questions within each section as well as animations to help students visualize the weaving process.

Textile Mania can be used as a supplement in any textiles course from high school level to senior level college courses. Textile Mania is designed to be used by the students.

It is not recommended to be used as a replacement for swatch kits. Textile Mania can be purchased alone or packaged with any of our swatch kits.

\$55.95 Each for classroom orders of 5 or more for courses not requiring the use of a Textile Fabric Consultants swatch kit

\$29.95 Each for classroom orders of 5 or more for courses requiring one of TFC, Inc.'s swatch kits in the same class or related textiles class.

**\*\*\*\$25.95 Special discounted price to bundle with any of the TFC, Inc. swatch kits**

**Demo available *online*.**
